EXTRACT - O - KLEEN

Carpet & Upholstery Extraction Compound

DESCRIPTION: This cleaner is a concentrated product, formulated from a combination of low foam surfactants, grease emulsifiers, water softeners, soil suspending agents, optical brighteners, dispersing agents, cleaning solvents, and an air freshener deodorant. This cleaner is designed for cost efficiency in portable soil extractor equipment and truck mounted extractor equipment.

ADVANTAGES:

- Biodegradable
- Contains optical brighteners.
- Cost efficient--high dilution ratio.
- Emulsifies grease.
- Suspends soil for easy extraction.
- Use in hard or soft water.
- Carpet smells fresh upon completion.
- Controlled foam.
- Is easy to mix.

RECOMMENDED USES: For use in any soil extractor equipment, both portable and truck mounts. Formulated for use on synthetic carpet fibers. Not recommended for wool carpets.

APPLICATION: Pre-vacuum the carpet thoroughly before cleaning. Remove grease and other stains with the appropriate spot removers. Apply traffic lane cleaner to traffic areas if needed. Follow with the soil extracting operation. Immediately following the cleaning of the carpet, brush the pile with a pile brush.

For machines using a premix solution, dilute as follows: Lightly soiled carpet-- $\frac{1}{2}$ oz./gal water. Medium soiled carpet--1 oz./gallon water. Heavy soiled carpet--2 oz./gallon water.

For machines automatically diluted from concentrate, use above dilutions. For truck mounted machines use 1 gallon to 4 gallons water into concentrated tank. Set meter to dilute at 24 to 1, to have a 1 oz./gallon solution at nozzle.
