ODOR CONTROL N/F

Non-Formaldehyde Odor Control for Portable Toilets

DESCRIPTION: A concentrated, non-formaldehyde liquid, formulated to clean and deodorize portable toilets. Contains a blend of odor neutralizers and biodegradable detergents. It contains a non-staining blue dye. Will not interfere with bacteriological action in sewage treatment plants.

APPLICATION: Used in the tank truck operations designed for serving portable toilets; also used in recreational vehicles, bus and boat toilets, aircraft toilets, as well as public parks and farms.

USE INSTRUCTIONS: Mix at a concentration of one part to 100 parts of water in normal operating conditions. In very hot weather or extra heavy usage, the concentration should be increased to 75:1. The blue dye will not stain concrete driveways, cloths, or equipment at these final use dilutions. These solutions can be used to clean and deodorize the entire toilet facility.

WARNING: Causes eye damage and skin irritation. Keep out of reach of children. Do not get in eyes, on skin, or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

SPECIFICATIONS:

Color	Dark blue liquid
Fragrance	Cherry
Type of surfactants	Non-ionic
Phosphates	None
pH	7.0
Specific Gravity	1.018
Hard Water Compatibility	Excellent
Shelf Life	Minimum 1 year
Odor elimination	Excellent
Biodegradable	Yes
Flash Point	None
Solubility in water	Complete
