BD 55/60

BR 55/60

BR AND BD 55/60 AUTOMATIC SCRUBBERS

Powerful, multifunctional, one touch operation, with integrated pre-sweep on the BR model

The Tornado® BR 55/60 fuses technological innovation with ease of use to provide a superior scrubbing machine. The BR 55/60 features a multifunctional scrub head with a unique, integrated pre-sweep. The unit's counter-rotating brushes spin at an incredible 1500 rpm resulting in a pre-sweep, scrub and near polish finish in just one pass!

The BD 55/60 places the multifunctional scrubhead and all the industry leading features of the BR unit, into one powerful, compact, traction-powered disc scrubber. **NOTE: The BD version does not incorporate the pre-sweep.**

The operator controls on both units are simple to use, with displays for working speed and hours, battery life and brush pressure. Our chassis is corrosion-free, extremely durable and significantly lighter than competitor's units. These models come standard with lower maintenance costs and longer run times.

Choose from a variety of scrub brushes and pad combinations, and watch your productivity and facility appearance soar.

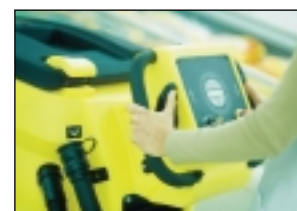

VERSATILE

A highly maneuverable mid-size scrubber for industry, automotive, retail and contract cleaners.

CYLINDRICAL BRUSHES AND PADS

The BR 55/60 comes standard with black brushes for daily cleaning operations. A variety of brushes are available for superior performance on structured flooring. The unit can be fitted with a unique roller shaft that accepts individual pads. Each pad can be changed individually if damaged.

OPERATOR-FRIENDLY

A digital data display, emergency stop, and ergonomic handles are simple to use and comfortable to operate.

PROFESSIONAL PERFORMANCE

A vast choice of brushes and pads allows the BR 55/60 to replace two or three separate machines.

ONE STEP CLEANING

An integrated pre-sweep built into our scrub brush head provides the ultimate in cleaning versatility.
